

Prayer of donor

(Composed by His Holiness Pope Giovanni XXIII)

*O Jesus the Savior, you said:
“ All that you have done at one of my
youngest brothers, you do it to me ”*

*look conducive to the offer that me will do.
The anguish of the suffering, your brothers and
ours, encourage us to give a bit of
our blood, because to them returns the
vigor of life; but we wish that this
gift is pointing to You,
that shed Your precious blood for us.*

*O Lord, make our fruitful life
good for us, for our loved ones, for the sick;
support us in the sacrifice,
because it is always generous, humble and
silent.*

*Make sure that with faith we discover
Your face in poor to help them
promptly; inspire and guide our actions,
with the pure flame of your love,
so that they,
made in union with you, reach
perfection, and are always pleasing to heavenly father.
So be it.*
